## LETTER FROM THE SUPERVISOR

Winter 2024

Looking ahead to 2024, it is important to reflect upon the positives from this year:

- The former Police substation, 1405 Holmes Road, has been repurposed to be the new Community Network Center. The hope for this space is to connect residents to needed services such as county programs, financial and credit counseling, individualized case management and tax services for seniors, assisting residents with paperwork to sign up for opportunities and government benefits, group meetings, etc. These service providers and nonprofits will meet with Township residents in the community where they live, to ease access to services and allow our residents to THRIVE. We are excited to PILOT this new center and to have hired a social worker, our Community Resource Coordinator, to implement the vision and connect residents.
- We have also hired a new Neighborhood Coordinator, who has scheduled two community-wide daytime meetings as an alternative to evening meetings to accommodate more schedules. Go to our new website [www.ypsitownship.org](http://www.ypsitownship.org) or email [nhw@ypsitownship.org](mailto:nhw@ypsitownship.org) for more information.
- The original Gault Village shopping center was demolished in the fall of 2023. The Township Board, through legal counsel, has placed a lien on the property to hopefully get reimbursed for the costs incurred for the removal of the blighted, unsafe structure. The current or future owners will work with the township and residents' input on redevelopment so that we can see this neighborhood commercial space prosper once again. Our legal department and Office of Community Standards have been successful in resolving many public nuisances for community stabilization. Our goal is compliance first, always.
- Substantial investments to community infrastructure included roads, drains, non-motorized path enhancements, new street lighting and conversion to LED lighting, tree plantings, and maintenance improvements to Township facilities. The Water Resource Commission, Road Commission, and Ypsilanti Community Utilities leaders have been meeting to find alternative and additional plans for storm water management to try and address the effects of the dreadful rainfalls that have harmed many in our community.
- Willow Run Acres, an urban farm in Appleridge Park, had its first harvest. Community Meetings for residents in West Willow and Burns neighborhood park were held to gather ideas and input from residents for new investments in 2024. Two pickle ball/tennis court refurbish grants were received for Community Center and Clubview Park in 2024. The Loonfeather Park renovation, funded by a grant, was completed this year.
- In 2015, the Township became the first "Bee City" in the state of Michigan. The Township is committed to protecting bees and their environment through preserving open spaces and improving our existing parks.
- The township worked with our lobbyist to request relief for the tax debt that resulted from the school merge of Willow Run and Ypsilanti Schools in 2013. The state of Michigan allocated 42 million dollars for debt relief in November 2023. This is a huge blessing, and we are thankful to our state elected representatives for supporting this much needed and deserved financial assistance.
- The City of Ypsilanti and Ypsilanti Township are working together on an Ecorse Road Business district and investments in street scape, lighting, and non-motorized path.
- We continue to provide COVID at-home test kits and KN95 adult and children's masks at the Civic Center and Community Center. Please call 734-544-4000 ext. 6 with any questions.

May we all have good health and happiness,

Brenda Stumbo  
Your public servant and Supervisor

Waste Management**

**48 hours in advance of your trash day

Find your trash day on the Recycle Magnet Schedule. Recycle collection is bi-weekly. The dates listed below your trash day are your 2024 Recycle Collection Dates. Please note that recycle dates listed in red are a one-day delay due to a Waste Management holiday.

The 2024 Waste Management Holiday Schedule is at the bottom of the magnet. Keep in mind that your trash and yard waste collection is weekly. If your trash, yard waste and recycle collection day falls on the day of a holiday or on the days following a holiday, you will experience a one-day delay in all services that week. If your recycle day does not fall in a holiday week, your recycle collection will not be delayed.

Please note that Waste Management and Ypsilanti Township holidays may not all be the same.

## MICHIGAN VOTING CHANGES

In November 2022, Michigan voters passed a proposal that amended sections of the Michigan voting laws. The major changes included the following:

- Recognize fundamental right to vote without harassing conduct
- Require military or overseas ballots be counted if postmarked by election day
- Provide voter right to verify identity with photo ID or signed statement
- Provide voter right to single application to vote absentee in all elections
- Require state-funded absentee-ballot drop boxes, and postage for absentee applications and ballots
- Provide that only election officials may conduct post-election audits
- Require nine days of early in-person voting
- Allow donations to fund elections, which must be disclosed
- Require canvass boards certify election results based only on the official records of votes cast.

The biggest changes include the additional absentee ballot drop boxes, nine days of early in-person voting, and changes in the absentee application process.

Drop box locations will remain on Ypsilanti Township property with camera surveillance compliant with Michigan voting law for ensured security. These drop boxes will be checked regularly by Clerks' Office staff and approved election workers ONLY.

- Ford Blvd Fire Station Drop Box - 222 S. Ford Blvd.
- Community Center Drop Box- 2025 E. Clark Rd.
- Hewitt Rd Fire Station Drop Box- 20 S Hewitt Rd.

## THREE WAYS TO VOTE IN MICHIGAN

### 1. Absentee Voting:

Absentee voting is voting absent from the polls. These ballots are turned into the Clerk's Office in person or by mail. These ballots are stored in an envelope signed by the voter and are kept securely in the Clerk's Office until election day when the votes are counted.

#### Permanent Absent Voter List

Voters may now check a new box on the Absent Voter Ballot Application to indicate that the voter wishes to join the Permanent Absent Voter List. The voter will automatically receive an Absentee Voter Ballot Application before every election that they are eligible to participate. The voter can choose whether, or not, they would like to submit the application to receive a ballot.

Please note that ballots **CANNOT** be forwarded by the postal service. If you will be at a different address at the time of the election, please call the Clerk's Office to update your mailing address.

### 2. Early Voting/ Early In-Person Voting:

This is different than absentee voting. It is a nine-day period of in-person early voting that always begins the second Saturday before State and Federal elections and ends the Sunday before an election. The voter will place their filled-in ballot through a tabulator, after which it CANNOT be spoiled and will remain there until the end of the day. At that time, election workers of both parties will place the ballots into a Secure Ballot Box (a secure location to place absentee ballots or applications to vote). They will seal the box. The tabulator will be "suspended" for the evening and will resume function in the morning once it has been properly inspected and the polls have been re-opened. The tabulators are programmed securely to ensure that no vote tallies can be done prior to 8pm on election day to ensure the security, the integrity and the validity of the votes. Be on the lookout for a mailer regarding the location of early voting sites.

### 3. Vote on Election Day At Your Polling Location:

Voting at your assigned polling location on election day will remain the same. There will be no changes to your election day polling locations at this time.

If you have any questions, please feel free to contact our office either by email at or by phone at 734-544-4000 opt. 2.

## WASHTENAW COUNTY SHERIFF'S OFFICE Jerry L. Clayton, Sheriff

### Washtenaw County Sheriff's Office Mission:

**"Co-Creating Community Wellness and Safety,  
Providing Exemplary Service, Building Strong  
and Sustainable Communities."**

**WCSO deputies are dedicated to keeping residents safe and improving the quality of life in our neighborhoods, providing 24/7 policing services to Ypsilanti Township.**

- The WCSO believes "An educated and engaged community is our best partner". We actively engage our residents whenever we can to include public forums, community events, our Community Police Academies and Neighborhood Watch Meetings.
- Integral to our mission and commitment to providing the highest quality service possible, is our focus on "root cause" Problem-Oriented-Policing. The best way to address crime in our neighborhoods is to keep it from happening in the first place. Deputies are trained to identify community problems and work with community members to develop solutions.
- The WCSO helps sponsor the **"Ballin" Basketball Series** in neighborhoods during the summer to keep young people busy and help build a positive connection with our deputies. We collaborate with the **"Telling It"** program that helps our young people learn to express themselves through writing and the arts.
- We organize a youth **Explorers Program** for young people who are interested in law enforcement as a career and provide a better understanding of what it takes to be a deputy, dispatcher or corrections officer.
- The Sheriff's Office, in collaboration with the schools, has implemented the **Active Assailant Training Series**. This is designed to keep our students and staff safe in the event of an active shooter. Many employees in Lincoln and Ypsilanti Community Schools have been trained.
- Co-Creating Community Wellness and Safety and improving quality of life in our neighborhoods is not something the WCSO can do alone. It takes all of us, law enforcement, public officials, business owners, educational institutions, the faith community and our residents, working together to make our community strong. The WCSO is committed to working together with all members of our community to make Ypsilanti Township a place where our families feel safe and secure and thrive.

## SHERIFF COMMUNITY ENGAGEMENT

**The Junior Police Academy** is designed to provide an opportunity for law enforcement officers and middle school age students to work together in a fun, creative, and interactive way over the summer. A three-week program, it works to introduce young people to law enforcement in the hope that they will consider a career in public safety or have an appreciation and respect for the role that police play in our communities."
