LETTER FROM THE SUPERVISOR

Winter 2026

As we get ready for 2026, it is important to reflect upon the busy year that we have had:

- 2025 was a major construction year for Ypsilanti Township buildings and parks! The 14B Court has reopened after a \$5 million renovation, funded by a grant from the State of Michigan. The Civic Center parking lot and pond projects, funded by American Rescue Plan Act (ARPA) funds, have also been completed. We have made many improvements to our robust park system around the Township, also paid for by ARPA funds. West Willow Park received an additional grant from the Republic Services Charitable Foundation, in partnership with Habitat for Humanity, the New West Willow Neighborhood Association, and Odindi Youth Action Village, to make upgrades that promote intergenerational enjoyment of this neighborhood park.
- The Township had the pleasure of hosting several excellent special events this year. Our first-ever Rowfest took place on the newly installed Ford Lake Rowing Course. The event was a smashing success, bringing in rowers from across the country who appreciated the beauty of Ford Lake Park. Typically, this event rotates locations each year, but the organizers were so impressed that they have asked to return in July of 2026. We thank everyone who volunteered and made this event possible.
- The Township continues to make substantial investments in community infrastructure, including roads, non-motorized path enhancements, and drainage studies and improvements. In September, the Water Resources Commission was awarded a grant for green stormwater infrastructure, which will be used to install rain gardens at Clubview Park, Fairway Hills, and the Rosedale Right of Way to help reduce water runoff.
- In 2015, the Township became the first “Bee City” in the State of Michigan. The Township remains committed to protecting pollinators and their environment by preserving open spaces and improving our existing parks. We are collaborating with Life After Incarceration: Transition and Reentry (LAITR) to install a pollinator garden on the Township lawn. LAITR was awarded a grant from the Washtenaw County Conservation District to build this habitat.
- In the Township Civic Center lobby, there is a free Naloxone vending machine that the Township received through a grant. There are also two medication drop boxes at Township facilities, one at the Community Center and one at the Civic Center. These drop boxes were funded by the Opioid Settlement funds the Township has received.

May we all have good health and happiness,

Brenda Stumbo
Your public servant and Supervisor

Trash, Recycling, Bulk and Seasonal Yard Waste Collection Guide

Dear Ypsilanti Township Resident,

WM is proud to be your environmental solutions provider. Our curbside collection program features automated collection for trash and recycling, along with seasonal yard waste and bulk items.

We thank you for the opportunity to serve you and help Ypsilanti Township stay clean and green.

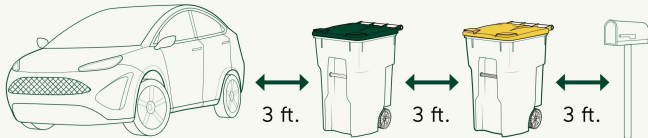

Automated Trash and Recycling Collection

WM provides a 96-gallon green cart with green lid for trash, and the Township provides a 96-gallon green cart with yellow lid for recycling. All material must be placed inside the correct cart with the lid fully closed for collection.

Bags of trash or recyclables or other materials outside of your cart will not be collected.

Service Guidelines

To ensure the truck's automatic arms can lift the carts, please place your carts at least three feet apart and away from other objects like parked cars, mailboxes and trees. The cart should face the street with the wheels and handle of the cart facing your house.

Recycling Cart - Please break down boxes to maximize capacity. Material outside the cart will not be collected. See page 4 for tips to **Recycle Right®**.

Trash Cart - Trash must be bagged and tied before it is placed inside the trash cart. Material outside the cart will not be collected.

Place materials at the curb the night before your scheduled collection or by 6 a.m. the day of your pickup.

MICHIGAN VOTING CHANGES

In November 2022, Michigan voters passed a proposal that amended sections of the Michigan voting laws. The major changes included the following:

- Recognize the fundamental right to vote without harassing conduct
- Require military or overseas ballots be counted if postmarked by election day
- Provide voter right to verify identity with photo ID or signed statement
- Provide voter right to single application to vote absentee in all elections
- Require state-funded absentee-ballot drop boxes, and postage for absentee applications and ballots
- Provide that only election officials may conduct post-election audits
- Require nine days of early in-person voting for State and Federal elections
- Allow donations to fund elections, which must be disclosed
- Require canvass boards certify election results based only on the official records of votes cast.

The biggest changes include the additional absentee ballot drop boxes, changes in the absentee ballot application process, and nine days of early in-person voting for State and Federal Elections. Drop box locations will remain on Ypsilanti Township property with camera surveillance compliant with Michigan voting law for ensured security. These drop boxes will be checked regularly by Clerks' Office staff and approved election workers **ONLY**.

- Civic Center Drop Box - 7200 S. Huron River Dr.
- Ford Blvd Fire Station Drop Box - 222 S. Ford Blvd.
- Community Center Drop Box- 2025 E. Clark Rd.
- Hewitt Rd Fire Station Drop Box- 20 S Hewitt Rd.

THREE WAYS TO VOTE IN MICHIGAN

1. Absentee Voting:

Absentee voting is voting absent from the polls. These ballots are turned into the Clerk's Office in person, or by mail, or drop box. These ballots are stored in an envelope **signed by the voter** and are kept securely in the Clerk's Office until the votes are counted.

Permanent Absent Voter List

Voters may now check a new box on the Absent Voter Ballot Application to indicate that the voter wishes to join the Permanent Absent Voter Ballot List. The voter will automatically receive an Absent Voter Ballot before every election that they are eligible to participate in. Please note that ballots **CANNOT** be forwarded by the postal service. If you will be at a different address at the time of the election, please call the Clerk's Office to update your mailing address.

2. Early In-Person Voting for State and Federal Elections:

This is different than absentee voting. It is a nine-day period of in-person early voting that always begins the second Saturday before **State and Federal** elections and ends the Sunday before an election. The voter will place their filled-in ballot through a tabulator, after which it **CANNOT** be spoiled and will remain there until the end of the day. At that time, election workers of both parties will place the ballots into a Secure Ballot Box (a secure location to place absentee ballots or applications to vote). They will seal the box. The tabulator will be "suspended" for the evening and will resume function in the morning once it has been properly inspected and the polls have been re-opened. The tabulators are programmed securely to ensure that no vote tallies can be done prior to 8pm on election day to ensure the security, the integrity, and the validity of the votes.

3. Vote on Election Day At Your Polling Location:

Voting at your assigned polling location on election day will remain the same. There will be no changes to your election day polling locations at this time.

If you have any questions, please feel free to contact our office either by email or by phone at 734-544-4000 opt. 2.
