**TO:** Charter Township of Ypsilanti Board of Trustees

FROM: Art Serafinski, CPRP, CPSI, Director

**DATE:** February 18, 2010

**RE:** Adding Vending Machines that have 100% Natural (Organic) Products for Sale

One of the biggest trends these days is the promotion of healthy lifestyles and the growing awareness of obesity in youth and adults. The Recreation Department is well aware of these issues and has been offering more health and fitness related programs for our residents. We continually look for ways to improve the health of our community as well as to find ways to become more self-supportive.

We have been in contact with Yo Naturals, a company that has a line of vending machines with all natural organic products. We would like to try a machine at the community center, civic center and golf course. The distributor is based in Ann Arbor and would provide and service the machines free of charge. In addition, we would receive a 15% commission on all products sold.

Attached you will find additional information regarding the products and the machines. Some of the highlights include the following:

- State of the art "green" healthy vending machines which include drinks & snacks in one machine.
- All products are healthy, natural and organic. Over 300 products to choose from.
- 15% profit share is paid monthly.
- Cashless payment hardware for credit & debit card payments.
- Timers that allow the machines to be turned on/off for operation during times the machines should & shouldn't be used.
- Energy efficiency state of the art technology featuring an Energymizer allowing for minimum energy usage and maximized efficiency in order to help protect the environment.
- SureVend Customers will always get what they paid for. If the product does not come out of the machine, the money is automatically refunded.

Please place this item on the next Board Meeting Agenda for consideration.
