A motion was made by Clerk Lovejoy Roe, supported by Trustee Jarrell Roe to Approve Request of Eric Copeland, Fire Chief for Approval of the 2016 Regional EMS Grant Application and the Memorandum of Understanding Between the Ypsilanti City Fire Department and its Regional Participating Partners for the 2016 Assistance for Firefighters Grant Program with a matching Contribution of \$7,826.24 Budgeted in Line Item #206-970-000-979-005 (see attached).

Trustee Jarrell Roe asked Attorney Winters if he had any issues with the grant. Attorney Winters stated he had read the Grant and the only questions he had was he was not sure what the City does once it receives the grant regarding dispersing. He said he heard there was a possibility we might be audited and not sure if that would be just the City of Ypsilanti or all the recipients of the grant. Attorney Winters said there may be some reporting or accounting that would need to be done. Eric Copeland, Fire Chief stated the Grant was written by the City of Ypsilanti's Fire Chief on behalf of the Regional Partnership. Javonna Neel, Accounting Director stated the City of Ypsilanti is administering the grant and they will issue an invoice to us. She said we would not be part of the audit for the grant.

The motion carried unanimously.

2016 ASSISTANCE FOR FIREFIGHTERS GRANT PROGRAM

GANT NUMBER EMW-2016-FR-00273

PREAMBLE

This Memorandum of Understanding (“MOU”) is entered into between the Ypsilanti City Fire Department (hereafter “Hosting Organization”) and by and among each municipal and township that executes this MOU and adopts its terms and conditions, in view of the following:

Whereas, the Hosting Organization has agreed and will be responsible for submission of the Regional Application to the 2016 Assistance for Firefighters Grant Program, in its own name on behalf of itself and the other regional participating partners who have executed this MOU on behalf of their respective government entities, for the acquisition of the listed EMS equipment.

Whereas, if awarded the grant the Hosting Organization has agreed to perform all programmatic and financial responsibilities as grant recipient and accept the awarded equipment and share it with its Regional Participating Partners in accordance with the terms of the grant;

Whereas, each Regional Participating Partner, as evidenced by their execution of this MOU agrees to accept the terms under which facilitation of their use of the training and equipment as may be specified by the grant award and/or this MOU.

TERMS

I. Purpose

The purpose of this MOU is to establish a cooperative agreement between the City of Ypsilanti, the programmatic and financial administrator (host) for the Ypsilanti City Fire Department (hereinafter "YCFD"), and its Regional Participating Partners, (hereinafter the “Regional Participating Partners”) to secure a 2016 Assistance to Firefighters Grant and to provide Cardio Pulmonary Resuscitation equipment for the region’s safety services. This purchase will help to serve the public and safety service personnel through obtaining the necessary equipment on a regional basis allowing for increased efficiencies in response and support by and among local jurisdictions.

The City of Ypsilanti and the Regional Participating Partners accept and agree to abide by the terms and conditions of the grant, including but not limited to those specifically enumerated in this MOU. All parties agree that Federal funds under this award will be used to supplement, but not supplant, State or local funds for first responder preparedness.

II. Definitions

Authorized Representative: The chief executive and fire chief of a participating governmental entity, or his/her designee, who has authorization to execute this MOU.

Equipment: Automated External Defibrillators (AEDs), Mechanical Compression Devices (ACCD), AED trainers, Intubation manikins.

Host Organization: The Ypsilanti City Fire Department (YCFD)

Regional Participating Partners: Any government entity that executes this MOU.

III. Background to the Assistance Firefighters Grant Project

Purpose and Objective:

The purpose of the AFG Program is to enhance, through direct financial assistance, the health and safety of the public and firefighting personnel and to provide a continuum of support for emergency responders regarding fire, medical, and all-hazard events.

The objective of the FY 2016 AFG Program is to award grants directly to fire departments, nonaffiliated EMS organizations, and SFTAs for critically needed resources to protect the public, train emergency personnel, foster interoperability, and support community resilience.

Eligible activities requested that have an immediate impact on the safety of emergency responders, other personnel, or the public may receive additional consideration during the application review process.

FY 2016 AFG Programs play an important role in the implementation of the National Preparedness System (NPS) by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (NPG) of a secure and resilient Nation. Delivering core capabilities requires the combined effort of the whole community, rather than the exclusive effort of any single organization or level of government.

Problem Statement:

In Washtenaw and Wayne Counties, the YCFD and the said Regional Participating Partners lack the appropriate Cardio Pulmonary Resuscitation equipment to safely provide appropriate out of hospital patient care to victims suffering of a cardiac arrest.

The AFG-Funding Opportunity Announcement reflects the Center for Domestic Planning's recommendations for program priorities designed to address:

1. *Protecting the public and first responder safety* - Increase the overall survival rate of cardiac arrest victims in the region and enhance first responders' safety.
2. *Enhancing capabilities and resilience (local, regional, and national)* – provides/enhances the opportunity to build long-term interagency relationships through joint training and mutual-aid.

3. *Enhancing National Capabilities* -grant funding will assist in moving YCDF and the Regional Participating Partners to adhere to the State of Michigan and local Medical Control Authority mandated or voluntary cardio pulmonary resuscitation rescue practices.

4. *Risk* - Risk Based Prioritization -grant funding will assist in moving YCFD and the Regional Participating Partners closer to common equipment amongst all Regional Participating Partners. YCFD and the Regional Participating Partners will build and/or leverage on existing resources to strategically invest in enhancing future interpretational capabilities and working relationships.

5. *Interoperability* - Grant funding will allow YCFD and the Regional Participating Partners to develop short and long term goals, activities and a continuing training program to continue to enhance regional interoperability, consistent, in concert, and/or in parallel with the Michigan Automatic Box Alarm System (MABAS) program in which all the Regional Participating Partners are officially part of the newly developed Washtenaw County MABAS division.

IX. Insurance
